4.FIRST AID MEASURES

In case of gases evolving from melted resin, move subject to fresh air.

Treat symptomatically.

Skin Contact In case of pellets or powder, wash with water.

In case of melt, wash affected skin area and clothing with plenty of (soap and) water.

Seek medical advice.

Eye Contact In case of pellets or powder, flush with plenty of water for at least 15 minutes. Seek

medical advice if any dust particles still remain.

In case of gases evolving from melted resin of high temperature, flush with plenty of

water for at least 15 minutes. Seek medical advice if necessary.

Induce vomiting. Rinse mouth with water. Seek medical advice if necessary.

5.FIRE-FIGHTING MEASURES

Extinguishing Media Water, Foam, Dry chemical powder Special Fire-Fighting Procedure Self contained breathing apparatus

Fire and Explosion Hazards None

6.ACCIDENTAL RELEASE MEASURES

Methods for Cleaning up Recovery if not contaminated or Disposal

Personal Precautions Pellets or powder remained on ground may cause slipping

Environmental Precautions Gather pellets and powder thoroughly to avoid birds or fishes taking from

draining water.

7.HANDLING AND STORAGE

Handling Prevent from fire around handling area. Maintain good housekeeping standards to prevent

accumulation of dust. To avoid dust explosion resulting from the existence of powder, electrostatics eliminators and grounding should be fixed to such equipment as air transferring

pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.

Storage Keep the materials at a cool dry place. Protect from direct sunlight, rain and violent

temperature fluctuation. Fire is inhibited around storage area.
