6.ACCIDENTAL RELEASE MEASURES

Methods for Cleaning up Recovery if not contaminated or Disposal

Pellets or powder remained on ground may cause slipping **Personal Precautions**

Environmental Precautions Gather pellets and powder thoroughly to avoid birds or fishes taking from

draining water.

7.HANDLING AND STORAGE

Prevent from fire around handling area. Maintain good housekeeping standards to prevent Handling

> accumulation of dust. To avoid dust explosion resulting from the existence of powder, electrostatics eliminators and grounding should be fixed to such equipment as air transferring

pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.

Storage Keep the materials at a cool dry place. Protect from direct sunlight, rain and violent

temperature fluctuation. Fire is inhibited around storage area.
