## **3.HAZARD IDENTIFICATION**

Most Important Hazards Adverse Human Health Effects Environmental Effects Physical and Chemical Hazards

### **4.FIRST AID MEASURES**

Inhalation	In case of gases evolving from melted resin, move subject to fresh air.
	Treat symptomatically.
Skin Contact	In case of pellets or powder, wash with water.
	In case of melt, wash affected skin area and clothing with plenty of (soap and) water.
	Seek medical advice.
Eye Contact	In case of pellets or powder, flush with plenty of water for at least 15 minutes. Seek medical advice if any dust particles still remain.
	In case of gases evolving from melted resin of high temperature, flush with plenty of water for at least 15 minutes. Seek medical advice if necessary.
Ingestion	Induce vomiting. Rinse mouth with water. Seek medical advice if necessary.

#### **5.FIRE-FIGHTING MEASURES**

Extinguishing Media	Water, Foam, Dry chemical powder
Special Fire-Fighting Procedure	Self contained breathing apparatus
Fire and Explosion Hazards	None

### 6.ACCIDENTAL RELEASE MEASURES

Methods for Cleaning up	Recovery if not contaminated or Disposal
Personal Precautions	Pellets or powder remained on ground may cause slipping
Environmental Precautions	Gather pellets and powder thoroughly to avoid birds or fishes taking from draining water.

# 7.HANDLING AND STORAGE

Handling	Prevent from fire around handling area. Maintain good housekeeping standards to prevent
	accumulation of dust. To avoid dust explosion resulting from the existence of powder,
	electrostatics eliminators and grounding should be fixed to such equipment as air transferring
	pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.
Storage	Keep the materials at a cool dry place. Protect from direct sunlight, rain and violent temperature fluctuation. Fire is inhibited around storage area.

<b>8.EXPOSURE CONTROLS / PER</b>	SONAL PROTECTION
Threshold Limit Value	Not determined
Ventilation	Necessary to exclude dust, fumes and gases.
Personal Protection Eye	Wear safety glasses for general purpose. Wear chemical
·	goggles for cleaning molding machines.
Respir	
Gloves	
9.PHYSICAL AND CHEMICAL P	ROPERTIES
Appearance	Off white pellets
Melting Temperature	Softening above 90 $^{\circ}$ C
Solubility	Insoluble in water
Specific Gravity	1.03 ~ 1.06
<b>10.STABILITY AND REACTIVITY</b>	
Flammability	Yes
Flash Point	350 °C
Auto-ignition Temperature	490 °C
<b>č</b> 1	No
Stability	Stable and non-reactive under normal handling and storage condition.
•	
L	*
	Maximum explosion pressure $5 \times 10^5$ Pa
Auto-ignition Temperature Reactivity with Water Stability Dust Explosion	No Stable and non-reactive under normal handling and storage condition. Possible if powder exists. Explosion data for powder (<145 mesh) Lower explosion limit 15 g/m <sup>3</sup> Minimum ignition energy 40 mJ

#### **12.ECOLOGICAL INFORMATION**

Acute oral toxicity (LD50)

Thermal Decomposition Gases

**Combustion Energy** 

**11. HEALTH HAZARD DATA** 

Irritation

Mutagenicity

To avoid being taken by ocean species or birds, disposal of the waste to the ocean and water sources is inhibited.

Maximum pressure increase rate

Fumes or vapors generated from decomposing resin

CO, CO<sub>2</sub>, SM and dimer  $4.16 \times 10^7$  J/kg (9930 Kcal/kg)

may be irritant to eyes.

Not determined.

Not determined.

 $3.4 \times 10^{6} Pa/S$ 

#### **13.DISPOSAL CONSIDERATIONS**

Controlled incineration or landfill according to local, state or national laws and regulations concerning health and pollution.

Inadequate incineration may generate toxic gases such as CO and SM.

# **14.TRANSPORT INFORMATION**

Not classified

# **15.REGULATORY INFORMATION**

Not available

## **16.OTHER INFORMATION**

None
