### 6.ACCIDENTAL RELEASE MEASURES

Methods for Cleaning up Recovery if not contaminated or Disposal  
Personal Precautions Pellets or powder remained on ground may cause slipping  
Environmental Precautions Gather pellets and powder thoroughly to avoid birds or fishes taking from  
draining water.

### 7.HANDLING AND STORAGE

Handling Prevent from fire around handling area. Maintain good housekeeping standards to prevent  
accumulation of dust. To avoid dust explosion resulting from the existence of powder,  
electrostatics eliminators and grounding should be fixed to such equipment as air transferring  
pipes, bag filters and hoppers. Use electrically conductive filters for bag filters.  
Storage Keep the materials at a cool dry place. Protect from direct sunlight, rain and violent  
temperature fluctuation. Fire is inhibited around storage area.
